A Note from our President

Hopefully this note finds you well.

Things have slowed down for the summer months with only a few events. Riverside Theater went well, we had a great time with live blues music, they would like to have us out again weather permitting. Bob's luncheon at The Green Marlin had a nice turnout. Wildwood Antique Mall had a free gathering in their parking lot for us to come hangout, Mopar's of Brevard came down to enjoy the festivities and Wildwood even cooked hotdogs to show their appreciation for us coming out. Keep an eye out for Phil's emails on up and coming events. I can't think of anything else right now so we'll see you at the next meeting.

Respectfully

John Stefanacci

A Message from your Secretary

One of the features this month is a story about a donation from Judy Carnevale to the AACA Museum.

Remember, your memories and photographs are always welcome. I think they add a lot of interest to our Headliner. Consider memories from your teenage days, or even stuff from yesterday are appreciated! Please share.

Sincerely

Phil LoGiudice

Bob Carnevale's 1948 Chrysler Town and Country Donated to AACA

1948 Chrysler Town and Country C38.

JULY / AUGUST 2024 • ANTIQUE AUTOMOBILE 9

The July / August edition of the AACA bi-monthly magazine contains a great article by AACA CEO Steve Moskowitz. The column entitled *New Kids on the Block* features vehicle donations to AACA in the first half of 2024. Bob Carnevale, a late member of our Indian River Region, and a life long member of the AACA, had a great collection of cars. Bob's wife Judy donated his beautiful Newport Blue 1948 Chrysler Town and Country sedan to the AACA Museum in Bob's memory.

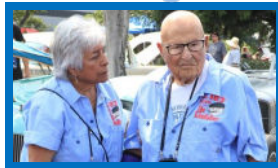

When the issue arrived and I saw Mr. Moskowitz's column, I have to admit that I focused on the first Pontiac Race Car, a

1926 speedster that had been made into a race car when the original sedan was destroyed in a fire. Then I was drawn to the 1950 Olds Rocket 88 tribute race car. I gave a quick glance at the Chrysler woodie and thought, hum, nice car. Thank you Phil Canal who suggested I might want to take another look!

This is a photo I took a few years ago of Bob's 1933 Packard Roadster. It appears to be stock, but features a modern drive train. It too is a beautiful car!

Ed Iskyderian 103rd Birthday

Recently, Hemmings featured a celebration of Ed Iskenderian's 103rd birthday. The birthday bash was held at the Lion's Drag Strip Museum in Los Angeles County. All of the vehicles on display were former drag racers. Ed's contributions to high performance are well known by many people. When I was a kid, having an Isky cam in your engine was something guys bragged about! Back in 1940 he built a very early pre-WWII hot rod! Ed and his wife were in attendance and appeared to have a great time.

Ed built this 1924 Ford Model T roadster as a high school senior in 1940, and drove it to a speed of 120 mph at the El Mirage dry lake in 1942. The second photo shows Ed in his roadster many years later.

The Monthly Lunch Cruise has had its first Anniversary!

Time really does fly by! Since Bob Kaufman was inspired to plan and organize a monthly lunch cruise, one year has elapsed. The plan has been to alternate monthly between Vero Beach and Sebastian. The lunches have been well attended and a lot of fun. An average of about 36 people are attending. So far everyone has enjoyed the restaurants that Bob has picked.

The following photos were taken by John Giudice.

Billy and Kathy D'Arton have been on an extensive road trip. This is a selfie they sent to me from the Hoover Dam. I added the photo of the dam for fun. The Hoover Dam was built between 1931 and 1935. President Roosevelt traveled to the dam to preside over its opening on September 30th, 1935. At the time it was completed, it was the tallest dam in the world, rising 726.4 feet above the Colorado River.
